Gold Coast Watersports Parasailing – Fly High In The Sky We have a parasailing boat that has been specifically designed for the job, but that doesn't mean it is all function and no fun! Our enthusiastic deckhands will keep you amused with one-liners and tall tales throughout your trip, and after you've been briefed about your flight, you can sit back on an impeccably clean boat and enjoy listening to music on the water. After the boat reaches the fly zone on the Broadwater, it will be time to make your way to the platform at the back to get ready for your flight. One of our experienced deckhands will fit your harness and clip you into the parachute. The skipper will gauge the conditions, and when they are perfect, you will be released high into the sky (at a controlled rate) to begin your parasailing adventure. Once you are high enough to touch the clouds, the skipper will follow the thermals across the Broadwater to ensure you have a memorable, magical parasailing flight. There is nothing quite like flying, so be prepared to feel your cares slip away as you drift softly on the warm air currents and drink in the gorgeous views below.

Allow 2hrs in total for this experience – 1.5hrs on the boat plus 30min briefing

100% safety record

10% Surcharge will apply on Public Holidays and during Peak Periods

While you are in the air, you will have 360° views ranging from the Surfers Paradise skyline to South Stradbroke and Wave Break Islands and around to the mountains of the Gold Coast hinterland, including Springbrook and Tambourine Mountains. There is usually plenty to see in the water as well, as schools of fish, pelicans and other water birds are in abundance on the Broadwater. Our guests have reported spotting bottle-nosed dolphins, sea turtles and even the odd dugong

Fly tandem, triple or solo. Parasailing is the perfect activity for shared memories, which makes it a wonderful outing for friends, families and couples.

Please note: Minimum age is 6 years old and 22kgs. Anyone 11 or under must fly with an adult.

Maximum combined weight: 200kg

Max solo weight: 140kgs

Min solo weight: 60kgs (please be aware that if flying solo we may need to add another person to your flight for extra weight depending on weather conditions)

You can be up to an 1.5hrs on the boat and in the air for approx 8/10 minutes.

Parasailing is a disability-friendly activity. We can easily accommodate the needs of a guest with impairment to ensure they have the opportunity to experience the wonder of flight, and the beauty of the Gold Coast area.

We know we provide the best parasailing experience on the Gold Coast because we only use fully trained staff and the

very latest in equipment. That's why we know your adventure will leave a smile on your face. We also provide exciting packages that combine parasailing with jet ski, jet boat and fly board hire.

If you have a question about parasailing, or you would like to book your flight now, please contact us. We are open seven days per week and our friendly staff members are more than happy to help you get into the air.
